U.S. Department of Justice

Washington, DC 20530-0001

Dear Mr. Ashcroft,

I am writing to request that there be no more litigation in the Microsoft Antitrust case, and that the federal investigation be brought to a close with the agreed settlement that you reached with Microsoft. A balanced, equitable settlement has been negotiated between Microsoft and the Justice Department, and this document should put the matter to rest.

The agreement will require Microsoft to share information, and to change some of its marketing and licensing practices, provisions for those who felt they weren't getting a fair shot at the market. The settlement you developed includes definite, realistic provisions, which will create more openness throughout the I.T. industry. This settlement will be beneficial because it will improve the software field, and - perhaps most importantly - end this case once and for all.

I hope you will be able to work towards bringing this case to conclusion. Please continue your fantastic work supporting the settlement from the Department of Justice and Microsoft.

Sincerely,

Nancy Morehead
